

TIME SERIES

Ts

Time series is a numerical tool. As per Gann, scrip changes its direction in rhythmic fashion . By using this tool you can plot say 45 days distance lines from important low/high.

How to plot TS:-

1. Click on TS tool.
2. Window will pop up.
3. Default Time in days and No of lines are already given.
4. click on plot button.
5. Then select any imp low or high on the scrip.
6. Time distance line will be plotted.
